

# MATRIX **NEW** WORLD

Enabling Progress

## Matrix New World Engineering, Inc. has a new and greatly expanded office in Goodyear, Az

Our team in Arizona moved to a larger and renovated office! The move was officially completed on October 26th. We are very excited because now we have enough space to host all types of meetings related to the PGA North project and new clients.

The new suite (#201) is located on the second floor of the same building. It has more space, a welcoming reception area, a conference room, and a spacious open room, similar to a foyer, that connects all the offices and that could serve for multiple purposes.

We kept the same phone number and it is finally working properly! For those who didn't know the number, it is 623-322-7003

We're working hard to grow this office and officially creating the Western Headquarters for Matrix New World.
